

SAIREDDY GANGIREDDY

B.Tech – Computer Engineering (AI & ML), Ganpat University

gangireddysaireddy296@gmail.com — +91-8522013540 — Hyderabad, India

LinkedIn — GitHub

Profile

Motivated Computer Engineering (AI & ML) undergraduate with strong skills in programming, machine learning, and problem-solving. Interested in Artificial Intelligence, software development, and data-driven applications.

Education

- | | |
|---|--------------------|
| • U.V. Patel College of Engineering, Ganpat University | 2022 – 2026 |
| B.Tech in Computer Engineering (AI & ML) | CGPA: 7.5 |
| • Sri Chaitanya Junior College, Hyderabad | 2020 – 2022 |
| Class XII | Percentage: 91% |

Skills

- Programming Languages: Python, C
- Web Technologies: HTML, CSS, JavaScript
- Databases: SQL, MySQL
- Machine Learning: Supervised Learning, Classification, Regression
- Libraries & Frameworks: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
- Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook, Overleaf

Certificates

- C Programming — CodeChef
- Data Analysis with Python — IBM Cognitive Class
- Python for Data Science — IBM Cognitive Class
- Industrial Training & Internship — Videmy Infotech Pvt. Ltd

Projects

Mentor–Mentee Booking Website

- Developed a web-based platform to connect mentors and mentees for scheduling mentoring sessions.
- Implemented mentor profiles, mentee registration, and session booking functionality.
- Improved mentorship accessibility through structured scheduling.

AI-Based Crop Advisory and Management System

- Built ML-based crop recommendation using soil and weather parameters.
- Implemented CNN-based plant disease detection from leaf images.

Cricket Match Win Prediction using Machine Learning

- Trained supervised ML models on historical match data.
- Achieved approximately 80% prediction accuracy.
